Dear Staf,

regards from Indian Summer. We did our first trip with our boat after 12 month of docking in Heeg with Harsonic for boats on board.

We did a trip to Zeeland, for the Grand Banks Amicale West Europa meeting.

I can tell you that leaving Heeg with a hull full of brown alges we arrived ijmuiden with more or less no alges anymore.

This found a big interst by the other members, beside the advertising I did.

So a lot of owners are interestet in your system.

I would suggest to give me a call how we can organise the flow of information to this people.

The best day to call me is Thusday the 30 th of September.

Best regards

Klaus
